

# Raymond Recorder

VOLUME 35

FRIDAY FEBRUARY 19, 1943

NUMBER 42

## "AA" Gas Ration Books Will Be The Rule

Information released from Ottawa states that every non-commercial vehicle will be issued an AA Gas ration book. Then if owners can prove their case extra coupons will be issued, but these will be limited in number, and each time additional coupons are asked for, good and sufficient reasons will have to be shown.

Farmers who have cars, but no trucks, will be allowed special gasoline for their cars as long as the car is doing part of the work that a truck would ordinarily do. Gasoline for commercial trucks and farm trucks will be rigidly doled out, and the intent of the Government is to allow only essential driving to be done in the future. The ad, in this paper carries a fund of information respecting the new order, and more details will come out in the columns of this paper between now and April 1st.

While the news is not very cheering, as good Canadians and people anxious to do our bit to assist in winning the war, we should make the best of it and co-operate to the fullest extent in meeting the requirements of the Government in curtailing our driving as much as possible. When we have to travel and a bus runs, use the bus. If a letter would do, send a letter. We are expected to co-operate.

### CONFERENCE SUNDAY

Quarterly Conference will be held this week end, meetings being held in Raymond and also in Magrath on Saturday and Sunday. Representing the General Authorities will be Elder Harold B. Lee, Junior member of the Council of the Twelve and General Chairman of the Welfare work in the Church, and Elder Joseph F. Smith recently appointed Presiding Patriarch of the Church.

A Regional Welfare meeting, including Alberta, Taylor and Lethbridge Stake will be held

### LIONS MEETING

The regular meeting of the Raymond Lions Club was held in the Sugar Bowl with Pres. P. Moreland in the chair. "Oh Canada" was sung and prayer offered by Lion R. Pack.

The Club endorsed a resolution that was being sent to the Alberta Government asking for a reduction in the Automobile Licenses for the coming year.

Lion Karl Wilde offered a toast to Lion Mark Henniger who is leaving soon for the Air Force. Mark was given the Lions Roar after which he responded with a few words about the Lions Club.

A letter of thanks was received by the Secretary from the Aid to Russia Fund Committee also one from Mrs. Murray Holt for flowers she received while in the Hospital.

Community singing was enjoyed by the club being led by J. P. Strong.

The Lions Club Quartette made up of Lions McLean, Strong, Weaver and Vanderhill then sang the song entitled "De Fuhrers Face".

Lion J. McLean then sang "Trees" after which Lion M. Holmes gave a very interesting talk on the real value of Trees and the trimming and landscaping of them showing some of his own drawings during his talk.

The meeting closed in the usual manner.

In the Opera House at 8:30 p.m. Saturday, a Stake and Ward Welfare meeting will be held in the Stake House. Saturday night at 7:30 p.m. All Stake and Ward Welfare workers are expected to attend this meeting.

On Sunday meetings will be held in Magrath at 10 and 2, and Sunday evening at 7 p.m. a general meeting will be held in the Stake House here. The visiting brethren will speak at all meetings.

## Red Cross Meeting And Concert

The Annual meeting of the Red Cross was held last Sunday evening in the 1st Ward Chapel following the Sacrament meeting, and an estimated crowd of 600 people attended to hear the splendid concert and the reports of the Red Cross.

Contributing artists were Miss Sandquist and Livingstone, pianists, & J. Zazinski formerly a member of the Toronto Symphony Orchestra and now serving in the Armed Forces, all three from Lethbridge, and Misses Margaret and Kathryn Allen, Lois Jensen, Margaret Wing and Teddy Brewerton of Raymond. A fine program of Violin numbers, piano solos and duets were given, and one outstanding number was two pianos with four players in "March Militaire," said by many to be the outstanding number of the evening. Misses Kathryn Allen, Lois Jensen & Margaret Wing and Teddy Brewerton were the players.

The Financial statement was presented and accepted. A synopsis of this report follows:

Present officers were sustained for the coming year as follows: Lee Brewerton, President,

C. R. Wing Vice., D. M. Holladay, Sec.-Treas.

SUMMARY OF RECEIPTS AND DISBURSEMENTS FOR YEAR ENDING DEC. 31, 1942

Cash on Hand at

December 31, 1941 \$ 241.81

Receipts during 1942:

Memberships, Subscriptions and Campaign Funds 2,485.10

Donations 406.87

Aid to Russia 25.00

Receipts during 1942 \$2,936.25

Total Receipts and Cash

on Hand \$3,178.09

Expenses during 1942:

Paid to Alberta Division for Supplies \$ 712.01

War Contributions transferred to Alta. Div. 1,971.15

Supplies purchased from Local Firms 128.66

Coal Bin 5.50

Aid to Russia 25.00

Xmas Boxes (Armed Forces, 1941) 31.16

Postage 10.00

Total Paid Out \$2,883.51

Balance Dec. 31, 1942 \$294.58

Accounts Paid at end of Yr.

## Distribution Of Ration Book No. 2

Ration Book No. 2, for Raymond and district, will be distributed from the Raymond Town Hall next week, Monday February 22 to Saturday, February 27 inclusive, from the hours of 10 a.m. to 5 p.m., each day.

D. M. Holladay, who is acting as local Chairman for the Regional Ration Board has made these arrangements, and everyone is asked to keep the days and hours in mind and arrange to obtain their ration books during that period and avoid disappointment. NO RATION BOOK WILL BE MAILED.

It is not necessary that each individual call for their own book, in fact they are not supposed to be delivered to anyone under 16. However, that card in the back of the book must be completely filled out, and then signed by each member of the family old enough to write, then some responsible member of the family can take the family's books to the Town Hall and receive the new ration book. The old book with unused coupons in it will also be returned, at least the unused coupons, so that holders who have not used all their First Book coupons will not have to relinquish these, if we understand it correctly.

Remember the dates and the hours to obtain your new Book and don't be disappointed nor inconvenienced by not obtaining them. It's up to you.

## Mrs. Chas. McCarthy Passes Away

Mrs. Chas. McCarthy, 38, widow of Chas. McCarthy who was Raymond's first Mayor, and has not been well since, passed away in Salt Lake City Monday, and news of her passing reached here that evening.

In her death Southern Alberta loses another of its early pioneers. Mrs. McCarthy has been a part of Raymond and its development from the very first, she and her husband reportedly owning the first house built in Raymond. He was rancher, business man and farmer and a 900 acre farm still belongs to the McCarthy estate.

Mrs. McCarthy broke her shoulder a couple of years ago and has not been well since, but she spent each summer here amongst the surroundings of her pioneer days, and then each winter was spent in balmy climes with her children.

Surviving are her son Wilson, and Mrs. Devoe Wolf. We extend our sympathy to the children in their sorrow. Mrs. McCarthy had lived nobly and well and no doubt is happy in the release from her suffering that death brought.

## Annual Board Of Trade Meeting

The Annual Board of Trade main business. Plan to attend meeting is scheduled for Monday and take part in the meeting day night at 8:15 in the Town and air your views respecting Hall, and re-organization, and the future of this important organization. Reports will be the ganization.

## NEWS NOTES

We have several letters and reports that we will not have room to publish this week. We hope those who have handed them in will be patient for one more week.

A 41 man committee is being set up by Dominion authorities to study and formulate a plan of Dominion wide social insurance. We hope it is more than just talk. It surely is needed.

The War Appropriation Bill of \$858,000 has been passed by both the Commons and the Senate and is now law. A nice little sum, eh? If these huge expenditures can be made for war, why not for peace. Surely Canada needs it.

Robt Hunter who was one of the engineer's at the Factory during the campaign and has since remained here, was a business visitor to Lethbridge Monday and left Wednesday for Calgary where he says the Selective Service Board have employment for him.

Truckers take advantage of the frozen ground of the early mornings to do their field hauling before things thaw out.

Milton Strong is spending the week here, assisting in finishing his father's house. The windows and doors and the other half of the shingling have been done this week. The residence will soon be ready to move into.

Frank Taylor, A. E. Russell, Phil Baker and J. N. Pollock are in British Columbia endeavoring to arrange for the moving of another 200 or 300 Japanese families to Southern Alberta for hand labor in the heat fields this summer. They will return the end of the week.

E. E. Reithman, with some help is busy painting the new and spacious home of Mr. and Mrs. R. T. Graham just east of town. The bottom part of the home was finished last week and they are at work this week on the upstairs part of it.

## Sugar Beet Acreage Will Be Increases

### NEWS NOTES

The Town Council met Monday night in its Statutory meeting when the newly elected Mayor and Councillors were sworn in.

The Cheese Factory set a new record on Tuesday when 2,160 pounds of milk was received for the biggest single day's receipts to date.

With the warmer weather our thoughts turn to spring, the clean-up, the paint-up and the garden. With the amount of snow that has melted our streets and yards have been mud puddles and miniature lakes.

Unofficial reports state that school will continue until August 15th, and that vacation time will be from then until October 15, when the majority of the schools will be available to help during the busy harvest season. Seems like Alberta has to have 10 months school. Why?

### ROTARY MEETING

Dr. Hall and Lee Brewerton were speakers at Rotary on Monday speaking on the Rural plan for payment of Income Tax. Both speakers brought a number of points out respecting this tax and its payment which were very informative to the meeting. While there are many who are not affected by Income Tax laws, because of their incomes being too low to have to pay it, it is at the same time nice to know how the law operates, just in case of a change in fortunes in this unsettled world of ours may come any time. Their talks were much enjoyed.

### BIRTHDAY PARTY

Mrs. Jos. Nilsson entertained at a birthday party for her son Donald last Friday evening. The valentine motif was used for the decorations, and a large birthday cake graced the center of the table where a chicken supper was served twenty five being seated for the repast. Games followed the supper and later in the evening light refreshments were served. All present joined in singing "Happy Birthday" and extended greetings to him. It was a most enjoyable evening.

## Women's Institute Meeting

The regular meeting of the community singing after which W. I. was held February 11th a vocal solo was given by Mrs. 1913 at the home of Mrs. W. Reithman.

The retiring President, Mrs. McMullin, with Pres Mrs. C. W. Lamb, presiding.

"O Canada" was sung followed by the Flag Salute. Mrs. Wm. Paris led the members in repeating the creed.

Roll call was answered by 23 members, each person responding with a current event. There were four visitors present.

Letters were read by the Secretary from the Navy League thanking the W.I. for ditty bags received, and also from a Children's Home in Edinburgh Scotland, thanking the W.I. for honey sent them, and a card of appreciation from Mrs. L. W. McMullin, I. Kitchen and W. Woolley and family was read.

The President reported donating five dollars to the Russian Relief Fund.

Mrs. Winkler read an article from the "Home and Country" on "How the Women's Institute Dollar is Spent." This was written by the Provincial Pres. Mrs. M. L. Thompson.

Mrs. Winkler was asked to take full charge of making quilts for the Red Cross, one to be handed in every two months, in all six quilts.

Mrs. I. Kitchen was appointed Publicity Convenor. Mrs. Ira McBride read "Thoughts from District IV Convenor" which was published in the "Home and Country" and written by Mrs. Alma M. Reynolds. Mrs. C. Rolfson then took charge of

Following is the letter from the Scottish Hospital:

Portobello, Edinburgh.

9th November, 1942.

Raymond Women's Institute,

Dear President:

I am writing on behalf of the children of this Day Nursery to thank the members of the Raymond Women's Institute for the splendid gift of honey which we received some little time ago.

The honey is delightful and the children love it at tea time. I think it is wonderful how Canadian women think of us all and help us at this time.

Thank you very much.

Yours sincerely,

Aileen C. Caw, Matron

### CAR LICENSES AND THE RATION

The new gas ration, set at 120 gallons for the year for non-commercial vehicles, is creating another query now, "What will the Province do about car licenses?"

At present rates, the average car owner pays \$20 per year for the privilege of driving his car. If that fee is maintained this year it means that those under this category will pay more than a cent a mile license fee for their driving. The A.M.A. is already working on the matter in an effort to get the fee drastically reduced before the new plates go on sale.

There are, of course, several angles to the matter. We know that both Dominion and Provincial Governments would rather people did not drive their

cars in order to conserve gas. That may be alright, but there are many people who need to drive and will be greatly inconvenienced and handicapped if they are deprived the use of their cars. Everyone wants to aid in the war effort, but our present system of life is built around the car. We can change without affecting the efficiency of the war effort.

It comes down to this. Those who receive special categories and are going to drive their usual 15 to 20,000 miles a year or nearly so, would not be greatly inconvenienced by the new order and could possibly afford to pay the usual fee. The others, who get forty coupons for the year and feel that they must have their car, will pay the government \$25 for the privilege of driving 2,000 miles on generally poor roads. Does it sound fair?

Because of war needs and priorities and so on, shortage of labor, lack of equipment and a few other things, our main highways are not kept up as they should be, and it seems poor business to maintain car licenses at their present level simply because it can be done.

Ken Blair of the Mid-West Paper Sales was a visitor in Raymond on Wednesday.

### FEEDING THE DAIRY COW

Suitable roughage for dairy cows includes alfalfa, sweet clover, bromegrass, prairie hay and oat hay or green feed. Alfalfa and clover hays are especially valuable because of their extra high protein and mineral content which makes them useful in balancing ordinary farm rations. Spoiled or mouldy feeds should never be fed.

Oats either coarsely ground or rolled, are the safest and most commonly fed grain for cows. Bran is a palatable, bulky feed laxative and cooling in effect, which contains more than ordinary amounts of protein and certain minerals. In the absence of legume hay, bran is commonly combined with oats in amounts up to one-third or one-half the total weight of concentrate fed. Linseed oil meal which is unusually high in protein, is also very useful in balancing the dairy cow ration, when fed at the rate of up to one pound per cow per day.

In feeding, a satisfactory rule is to allow two pounds of dry

roughage per day for each hundred pounds liveweight of the cow. Ensilage may be substituted for up to half the dry roughage allowing three pounds ensilage per pound of dry roughage replaced. Grain or concentrate is usually fed according to milk production, at the rate of one pound of grain per day for each three or four lbs. of milk produced daily. The dairy ration is usually divided into two feeds.

If cows have not constant access to water it is a good practice to allow all they will drink at least twice daily. When the trough is outdoors in winter it is advisable to remove the chill by means of a tank heater.

Common salt is a necessity and should be kept where the cows can help themselves.

Rations commonly fed to dairy cows, particularly when legume hay is not included, are usually lacking in calcium and phosphorus. This deficiency can be overcome to a considerable extent by supplying edible bone meal. This can be self-fed or included in the meal ration at the rate of one pound in one hundred pounds of concentrate.

## NEW

## Gasoline Rationing Plan Goes into Effect APRIL FIRST

ON MARCH 31 the present gasoline ration licenses and coupons will expire, and no gasoline will be sold except upon the presentation of a 1943-1944 ration book.

In his own interests, every vehicle owner is asked to apply at once for a new gasoline license and ration coupon book for each of his vehicles.

Under the new system, effective April 1, all commercial vehicles will be rationed. All non-commercial vehicles will be granted a basic "AA" gasoline license and ration coupon book, containing 40 coupons for a passenger car, or 16 for a motorcycle. Owners of non-commercial vehicles eligible for a special category, who can prove their need, will be granted an extra vocational allowance, fixed in advance for the year ending March 31, 1944.

The extra allowance for a special category car will be tailored to meet individual needs. In determining this allowance the previous category and mileage of the car will not be considered. Instead the vocational allowance will be based on two factors: (1) The gravity of the oil shortage with which Canada is faced, and (2) the importance of the vehicle to its owner in a country at war.

The extra vocational coupons will be issued in books labelled "Special", and each such book will contain not more than 60 coupons. Only one "Special" book, or portion of such book, will be issued at a time, and hence the case history of each special category applicant will be under constant review.

Under provisions of the rationing order, the Oil Controller will have the right to refuse any application for a special category, or to suspend any ration book for an infraction of the regulations.

Every motor vehicle, other than a motorcycle, must bear on its windshield a sticker indicating its category. After April 1, service station attendants will not be permitted to serve gasoline to a car which does not bear the sticker which corresponds to the ration book submitted at the time of the purchase.

To obtain a gasoline license and ration coupon book, secure an application form at your nearest Post Office. Study the form and follow the instructions contained therein.

When you receive your ration coupon book, guard it carefully. It may not be replaced if, because of your negligence, it is lost or stolen. Do not leave it in your car; keep it on your person at all times.

**Mrs. Jennings**  
proudly goes  
to school!

MRS. JENNINGS had been just managing to keep her family going. But things were looking brighter at last. Now with the children able to help with the housework, she had applied for the post of school teacher . . . and had been accepted.

But that meant she needed suitable clothes and clothes cost money.

She took her problem to the manager of her bank. On the strength of her ability and character, he arranged a loan of \$80. And so it was that she was able to take the position and greet her first class proudly. She paid off the loan after six months at a cost in interest of only \$2.40.

This is a true story. Only the name has been altered. It is typical of hundreds of human dramas in which the bank manager has been privileged to play a helping role.

War's requirements have increased immensely the work of banks and bank staffs. At the same time more than one-third of our experienced men have enlisted. Bank early. Pay small bills by cash. It helps.

## To Dairymen

The most common defects found in milk and some suggestions on how to overcome them.

When milk is first drawn from the cows udder it is in its purest state. No amount of care can make it any cleaner or more wholesome. However we can endeavour to keep it in this very desirable condition by a little care in the right place and time.

1. To begin with the cows udder and flanks must be cleaned off, so that nothing will fall in the pail when milking.

2. The hands of the milker, as well as his clothes should be as clean as when he sits down to dinner. He may have to drink some of this milk when he does.

3. The milk pail should be of Tin, positively not galvanized.

4. Immediately after milking is finished, the milk should be strained through a clean strainer of fine copper wire or sterile cheese cloth. If cloth is used it should be washed in warm soda water and then boiled after each milking.

5. The milk is now in a clean can. Put the cover on immediately and stand in a tank or tub of cold water. This should be done at all seasons of the year, including below zero weather. It has been shown that milk will cool over 30 times quicker in ice cold water, than in the atmosphere of zero.

6. To be able to deliver good fresh milk in the hot summer months, you should prepare to put up some ice now. It isn't much bother and will pay you well in dollars and cents. Suggestions for construction may be had at the factory.

### FLAVOR DEFECTS

Overripe or sour milk is caused by lack of prompt cooling. Metallic—by using rusty or galvanized pails or cans.

Woody—Beety—Stinkweed—by cows feeding on weedy pastures, or being fed before milking. All strong feeds should be fed after milking. This is very important.

Unclean—improperly cleaned pails, or strainers. Absorption of foul smells by fresh warm milk. The use of dirty rags when washing milk utensils will cause this defect.

Cow or Stable—Warm milk standing in smelly stables or dirty milking corrals. Wet hand milking is usually responsible for this flavor too and is most unsatisfactory. It is impossible to have good milk if this procedure is followed.

All this adds up to the fact that CLEAN, COOL MILK is all that is necessary to supply any milk market. With milk prices as they are now, it is worth a little effort by the dairymen, to produce quality, as well as quantity. The price paid for your milk depends largely upon its quality at the time it is received at the plant. Increase your profits by increasing the quality of your milk.

Let us all co-operate to give our Factory here more milk and better milk. Both are essential, each more than the other. I promise loyalty and service, but the support and co-operation of the milk producers in the district is needed.

G. F. Summers  
CHEESE MAKER

After a year in Raymond, during which time he operated the Hotel and Sugar Bowl, Mr. and Mrs. J. V. Frawley and children moved to Lethbridge on Monday. Donny Nilsson taking their household effects over in his truck. Vie says he has a fine job lined up there and we certainly wish them success in their new location.

## Complete Utilization of Canada's Manpower and Womanpower is Essential to Victory

National Selective Service Civilian Regulations aim at complete utilization of manpower and womanpower. Workers and employers are urged to assist the war effort by carrying them out. All civilian regulations have been consolidated and revised. Main features now being as follows:—

### COVERAGE

**Employees:** Regulations cover persons of either sex from 16 to 64 years old, except—provincial employees; armed services; and those in fishing, fish processing, hunting, trapping, clerical; nurses; school teachers; domestic servants; students working after school; employees in respect of part-time employment; and any one employed for 3 days or less in a calendar week. Agricultural workers are covered by special provisions, not by the general provisions as also are "technical personnel."

**Employers:** Any person, firm or other employers, with one or more "covered" employees.

### EMPLOYERS MUST—

(a) Refrain from discussing employment with a prospective employee unless under permit; (b) notify the nearest employment office of additional employees needed; (c) secure permission from an employment office to advertise for workers; (d) notify the employment office of intention to discharge or lay off employees, or to retain employees when not required; (e) give employees 7 days' notice unless a Selective Service Officer permits a reduction, or unless in the building construction industry; (7 days' notice is not required unless an employee has already been employed for one month, or after fire, explosion or other calamity, or on termination of work by weather. Whether preceded by 7 days' notice or not, separation from employment requires written notice).

### EMPLOYEES MUST—

(a) Register for work at the nearest employment office if out of work 7 days (full-time students, housewives and clergy are not included); (b) secure permit from a Selective Service Officer if going to look for work; (c) refrain from advertising for a job unless Selective Service Officer approves; (d) give 7 days' notice if wishing to quit a job, unless authorized by Selective Service Officer to give less notice

(separation form, but not 7 days' notice required if in building construction or joining the forces).

### AGRICULTURAL WORKERS

are covered by special provisions. Persons regarded as "workers in agriculture" may accept employment outside that industry to a maximum of 60 days within a calendar year without permit, but only outside urban municipalities of over 5,000 population; otherwise, agricultural workers must secure a Selective Service Permit.

### TECHNICAL PERSONNEL

may only accept employment under special permit.

### LABOUR EXIT PERMITS

are required to work outside Canada.

### PENALTIES AND APPEALS

Penalties are provided for non-compliance with Regulations or orders issued thereunder. Appeals against directions may be made to a Court of Referees.

### NATIONAL SELECTIVE SERVICE OFFICERS ARE AUTHORIZED TO—

(a) Give persons unemployed for 7 days, or on part-time for 14 days, direction to accept work; (b) exercise discretion in issuing permits to seek work; (c) authorize employed persons to transfer to more essential work, and subsequently to be re-instated in original employment; (d) reduce the 7 days' notice period consistent with Regulations.

### THE MINISTER OF LABOUR IS AUTHORIZED TO—

(a) require a person in an age class subject to military call-up to accept employment; (b) require employers to release male persons failing to furnish evidence of not contravening military call-up; (c) authorize payment of transportation and special allowances in some cases; (d) authorize anyone to leave employment to take more essential work.

The foregoing is not an exact or complete reproduction of National Selective Service Civilian Regulations. For information or rulings apply to nearest Employment and Selective Service Office.

## DEPARTMENT OF LABOUR

HUMPHREY MITCHELL  
Minister of Labour

OTTAWA, JANUARY 19, 1918

A. MACNAMARA  
Director of National Selective Service

### PACK YOUR DAY

A day is like a trunk. You can put twice as much in it if you know how. The right way to pack a trunk is not to dump the stuff right in the middle, but to pack it tightly in the corners and sides. Last of all, pack the middle.

There is a right way too, to pack a day. A man can do nearly twice as much if he appreciates what he can do in five minutes—if he fills up the corners of his day.

Whenever I'm tempted to say I'm busy, I think of Mr. Church, and keep my mouth shut. He has not more hours in a day than you and I have; he too has to spend time on bathing, shaving, dressing, haircutting, going from place to place, and all that. He has more visitors and interruptions than anyone else has, but he packs his day. He finds time for reading, thinking and planning.—Magrath Store News.

### 2,000,000 MILES A DAY

At home the vital work of training the airmen of the British Commonwealth Air Training Plan continues. From these training schools come 80 p.c. of the aircrew required to man the planes on the fighting front. Every single day in Canada, men under training fly more than 2,000,000 miles in the air.

The secret of being miserable is to have the leisure to bother about whether you are happy or not.—Bernard Shaw.

Of course there are exceptions but it strikes us that the bareheaded lads who pop out of one restaurant door and into another are not helping much with the family chores.

# PEACE of MIND!

For renewed faith in the future

For rededication to that freedom which we pray may soon emerge throughout this war torn world.

For confidence in our fellowmen who, with undiminishing vigor, are contributing toward the Victory which will bring complete and permanent peace for all time.

### CARD OF THANKS

We desire to express our deep appreciation to all those who in any way assisted during the illness and death of our dear wife and mother. For the flowers, the cars and the many acts of kindness we are indeed grateful.

Henry Salmon and children.

When we were all patting ourselves on the backs over Allied victories in Africa, Rommel set us back with a 20 mile smash through in North Africa. Our leaders seemed to know what they were talking about when they warned against over confidence.

### NEWS NOTES

Mr. and Mrs. Arlo Palmer of Calgary spent Sunday visiting friends and relatives here and returned to their home and their work on Monday.

A. E. Hancock was busy Monday accompanying the Milk Inspector to interview a number of local people who are supplying milk to the Cheese Factory.

J. H. Walker, M.L.A. is in Edmonton for the opening of the Legislature which took place on Thursday. Mr. Walker was elected Chairman of the Independent caucus which preceded the opening of the House. J. C. Mahaffy, harrister of Calgary is Independent leader this session.

Quite a large number of Raymond people were in Macleod, Wednesday afternoon including the parents of both boys to watch the graduation of Verl Meldrum and Billy Mehew as full fledged pilots. Jack says "it's quite a ceremony and worth going a long way to see." Both boys will be home today on embarkation leave. Our congratulations to both boys.

Virgil Quinton and Sterling O. Low of Cardston, were Raymond visitors Monday on their return from Warner, where the former had purchased a second hand Caterpillar engine for use in the timber west of Pineher Creek. He says the snow is so deep in the foothills and mountains that it is likely to be midsummer before a truck can negotiate the roads and he plans to haul timber with the caterpillar out to where it can be loaded to the trucks.

## Work Boots for SPRING

## Valentines and Durabilts

The Standard of Value is Still High  
**BREWERTON'S**

The Annual meeting of Stock holders and patrons of the Cheese Factory is being held tonight at 8 p.m. in the Town Hall. Everyone is invited to this meeting. Reports and elections.

The engagement of Miss L. Prael Baker Meeks and Alden McNeely is announced, the wedding to take place March 22nd. Our congratulations to both fine young people.

C. W. Brewerton, who has been confined to his home for now and is enjoying the spring several weeks, is around again like weather. It seems quite natural to see him in the store and up and down the street again.

Sunday night last was the regular family night in the Raymond First Ward and a very interesting and instructive program was given by A. Frehlin Dahl and family including musical numbers and some very fine talks.

Mr. and Mrs. L. D. King and Melba and Miss Erma Allred furnished the program in the 2nd Ward Sunday evening & a very interesting meeting was held. Erma gave a piano solo, Melba gave a musical reading, and Mr. and Mrs. King each gave very interesting and instructive talks on gospel topics, and Lois Jensen.

Grant Hall, of the R. C. N., left for duty again on Monday morning after a leave at home.

Everyone who mentioned Sunday night's Red Cross Concert remarked how really enjoyable and outstanding all of the program numbers were.

Mr. and Mrs. Evans Sabey have moved from the Austin D. Terry home into Helen's mother's home following the move of and Mrs. Orgill to Alderson.

The Raymond Meat Market received a fine new refrigerator counter from Butcher's and Packer's Supplies this week. It is now installed in the meat market.

Wm. Jensen is making fine progress after his recent operation in the Lethbridge Hospital. The operation was a complete success and Bill will soon be home again.

Mrs. T. J. O'Brien is receiving treatment in the Hospital at Lethbridge and we understand is doing fairly well. We extend our best wishes to her for a speedy and complete recovery.

A one-act comedy was presented in the 2nd Ward M.L.A. Tuesday evening to a large and appreciative audience. In the cast were Bruce Heggie Monte Neal, Jimmy May, Harris Hall and Misses Lucille Thompson.
